WHO WE ARE

Founded in San Luis Obispo, CA, Fig Jam & Co. was born out of one girl and her love, or addiction, for coffee. What started as just messing around in the kitchen with different cold brew flavor combinations and sharing with friends has developed into a local business, serving and caffeinating the SLO community since 2020. Fig Jam creates and sells cold brew concentrates, each brewed to perfection for 48 hours. Not a cold brew fan? No problem. That's why our line of artisan syrups was created, for those who like a party in their coffee. Each handmade syrup uses 100% cane sugar and 100% real, simple ingredients. *
